XXIV NO. 13

PADUCAH, KY., WEDNESDAY EVENING, JULY 15, 1908

TEN CENTS PER WEEK

BOARD IS FUL FOR ITS ND ISSUE PLAN

Least the \$400,000 Pro-
of City Would Be-
come Confused.

as Promise to Take
p in Behalf of Trustees.

CONFIDENCE IN PUBLICITY

It is questionable whether "Ex-
punging the record" of that bond in-
sue ordinance will avail the aldermen
to withdraw it since it has been duly
passed, signed by the mayor and pub-
lished. It is believed the only way
to revoke a law is to repeal it in regu-
lar fashion.

Since the reconsideration of the
\$400,000 street improvement bond
issue proposition by the aldermen,
the members of the school board see
a much better chance for their pro-
posed bond issue for school purposes,
to be favorably acted upon by the
voters in November.

If the two bond propositions in-
volving \$400,000 for the city and at
least \$60,000 for the school board,
had gone before the voters, it was
thought by the school trustees that
confusion might have arisen or the
voters, might not have wanted to
assume so much public debt. But if
the proposed street improvement bond
issue is killed by the action of the al-
dermen, or reconsidered in a less
amount, they believe that their issue
will receive the requisite two-thirds
majority without trouble.

Representative men in the city,
who understand the situation of the
school board, have volunteered to go
on the stump later in the campaign,
to convince the people of the desir-
ability of voting the bonds. The board
has a debt of some \$18,000 and
would pay this off with the bond mon-
ey, as well as lay plans for a new
building somewhere near Fountain
avenue, to accommodate the popula-
tion that is shifting in that direction.
Superintendent Carnegie has infor-
med the board that there are 2,200
school children in Paducah, who, if
they should enter the schools, would
congest every building and still not
be accommodated.

Should no bond issue by the city at
all go before the people, the trustees
may increase their issue to \$75,000
to insure that no new issue would
have to be voted in the next half
dozen years. It is not generally
known, but true, that the revenue of
the schools hardly pays the teachers
and other expenses each year, so that
any improvements or new buildings
can be financed only by a bond issue.
With an issue of \$75,000 authorized
the board could sell the bonds as
needed.

Those persons who have been ap-
proached by the school trustees have
invariably endorsed the bond issue,
and later in the campaign, probab-
ly in September or early October, speak-
ers will be heard in each ward, giv-
ing the facts plainly and inviting dis-
cussion of school finances by the people.
They are confident that publicity
will strengthen their proposition.

After Bawdy Houses

Chief Collins instituted his investi-
gation of north side bawdy houses
without delay and has notified the wo-
men they will have to vacate. None
of them said they desire to leave the
city. The chief reported that there
were many more questionable resorts
north of the railroad than Mayor
Smith had thought. "They are dot-
ted around everywhere," to use his
expression. None of them were over-
looked in the round-up.

Prohibitionists Open National Convention at Columbus, O., Today With Numerous Entries Offered

Chairman Reads Report of
Dry Territory and Forty
Millions of Dry People in
United States.

Columbus, O., July 15.—The Pro-
hibition national convention opened
this morning. Robert H. Patton, of
Springfield, Ill., temporary chairman,
made the keynote speech. David B.
McCalmont, of Pennsylvania, is sec-
retary. Mrs. Frances Beauchamp,
of Kentucky, is assistant secretary.
The report of National Chairman
Jones shows great growth of prohibi-
tion in four years. Five new prohibi-
tion states and prohibition territory
extended until 40,000,000 people are
included, where there were 20,000,
000 in 1904. Ten candidates are out
for president, including Dan R. Sheen
of Illinois; J. D. Crawford, of Texas;
George R. Stewart, of Tennessee; and
W. P. Falmore, of Missouri.

NAME OF FOREST RESERVE.

San Jacinto Becomes Cleveland Na-
tional Forest.

Oyster Bay, N. Y., July 15.—Presi-
dent Roosevelt has written a letter to
Mrs. Grover Cleveland, informing
her of the proclamation he has signed
changing the name of the San Jacinto
National Forest to Cleveland Na-
tional Forest in honor of the late
former president. February 22, 1897,
President Cleveland signed the pro-
clamation creating the San Jacinto
Forest Reserve in southern California.
"Cleveland," Roosevelt says, "was
one of the first to recognize the need
of forest preservation, and the crea-
tion of the San Jacinto and other forest
reserves with a total area of
25,686,320 acres was one of the re-
sults of his foresight in this direc-
tion."

WIFE OF THAW'S LAWYER DIES WITHOUT HIS HAND.

Pittsburg, July 15.—Mrs. Clifford
Hartridge, wife of Harry Thaw's law-
yer, in his first trial, died under an
assumed name from spinal meningitis
at the Homeopathic hospital. Her
mother and brother visited her daily,
but it is reported her husband never
called. Mr. Miller, who secured ac-
commodations for the patient, refuses
to discuss the matter. A great mys-
tery surrounds the case.

Race War Threatened.

Hammond, July 15.—A race war
is threatened, following the assault
by a negro on a white girl. The
negro amusement parks were burned,
and a warning given to negroes to
get out. The latter threaten violence,
and fighting is expected.

COUNTY CHAIRMAN SWAN DECLARES THAT NIGHT RIDING INJURES ASSOCIATION

Important Public Meeting
Held at Sulphur Springs,
Calloway County.

Murray, Ky., July 15.—(Special.)

It is believed a great deal of good
has resulted from a meeting Monday
of the Planters' Protective associa-
tion at Sulphur Springs in the eastern
portion of Calloway county, where
many night rider depredations were
committed last winter. County Judge
Wells and Chairman J. B. Swan, of
the county executive committee of
the association, both made lengthy
speeches, that of Chairman Swan
being the first public denunciation
of night riding that has been made
by an official of the organization in
the county, and it is believed it will
have great weight toward a restora-
tion of peace in the tobacco growing
districts. Chairman Swan explained
to the members of the organization
that night riding, if not suppressed,
would ruin the organization and told
them great damage had already been
done, many men who had been en-
thusiastic members heretofore threat-
ening to quit and raise tobacco inde-
pendently if the trouble was not
stopped.

Judge Wells spoke for two hours
and a half, explaining his course, and
called attention to his work in behalf
of the association in assisting to per-
fect the organization in the county,
he defended the action of himself and
state officers in maintaining sol-
diers in the county, and said that if
the 31 militiamen on duty in Callo-
way now were not sufficient to keep
the peace a thousand men could be
brought to the county in 24 hours.
He charged the parties who had been
guilty of making incendiary speeches
to the farmers with being responsible
for the greater portion of the trouble.

Mrs. Watson Better

Mrs. Azelle Watson, wife of En-
gineer G. P. Watson, of the Nashville,
Chattanooga & St. Louis railroad,
continues to improve from the in-
juries she received when attacked by
a burglar last week, and it is expected
she will entirely recover. No elu-
sion was ever obtained as to the identity
of the fellow who attacked her.

County Cemetery Map

James Wilcox, deputy county clerk
and a civil engineer, is drafting a
map of the eight acres of ground ad-
joining the county sanitarium, which
has been purchased by the fiscal court
to be used as a county cemetery. The
ground is beautifully situated for a
cemetery, and it is the intention of
the board of magistrates to have the
grounds kept in first-class condition.

VOYHS IN CONFERENCE WITH TAFT AT SPRINGS.

Hot Springs, Va., July 15.—Arthur
Vorys, of Ohio, arrived for a confer-
ence with Taft. Vorys declared the
Republicans will carry Ohio.

TEXAS BANKERS OPPOSE THE GUARANTY DEPOSIT.

Austin, Tex., July 15.—The State
Bankers' association vote on the guar-
anty deposits is announced as op-
posed, 282; favoring, 210.

Was Riding 'Round Town.

Sam Sassen, a Mayfield youth, came
to town this morning to see the
sights of the city and after walking
about the city until noon decided be-
cause he could move territory on a
bicycle. Accordingly he appropriated
a wheel, belonging to W. R. Rudolph,
which had been left standing on
Broadway, but the boy had not gone
far until Detective Moore caught Sas-
sen "on" the goods. He was locked
up on a petty larceny charge.

PRINCE OF WALES' SHIP COLLIDES AND IS DAMAGED

Portsmouth, Eng., July 15.—The
battleship indomitable, which started
this morning, carrying the Prince
and Princess of Wales to Quebec for
the tercentenary celebration, collided
with a barge off Portsmouth. The
battleship is reported seriously dis-
abled.

COUNTY CHAIRMAN SWAN DECLARES THAT NIGHT RIDING INJURES ASSOCIATION

Important Public Meeting
Held at Sulphur Springs,
Calloway County.

Murray, Ky., July 15.—(Special.)

At the close of the meeting it is
said hundreds of farmers who had
opposed the county officials pledged
themselves to support any movement
to bring about peaceful conditions,
saying they had been misled and mis-
informed as to real conditions.

Patrolman Chases Hoboes

Three hoboes, one white man and
two colored, stole a suit case belong-
ing to a traveling man, at the Union
station this morning, but had to leave
the grip to keep out of the clutches
of Patrolman Casper Jones. When
the theft was reported to Patrolman
Jones, he knew immediately who had
taken it. The officer sighted them
and started after them. The chase
went from the Union station to Lit-
tle's spoke factory and on to Island
creek, where the one white fellow
had the suit case opened and all its
contents spread out on the ground,
saying up his hand. The patrolman re-
turned with the suit case and it was
found that nothing was gone. One of
the trio lost a pocket knife, which the
traveling man took with him as a re-
membrance.

ALL DEPARTMENTS ARE INCREASED AT RAILROAD SHOPS

Illinois Central Resumes Nor-
mal Force and Good Times
Have Returned.

More Men Than Formerly Em-
ployed in Machine Shops.

CAR REPAIRERS KEPT BUSY

All departments at the Illinois Cen-
tral shops profited by the visit of
Assistant Superintendent of Machin-
ery Bell yesterday. After an inspec-
tion the official announced that more
men would be put on in practically
every department.

The machine shops secured the
greatest increase, 25 men being put
to work this morning, which more
than takes back all old employees.
Several men who have never been
employed here before were given po-
sitions. These men will go to work
this afternoon, as it was necessary
for them to be examined by the hospi-
tal surgeons and given a health
certificate, according to the rules of
the company.

The car department force was also
slightly increased, and as a conse-
quence about the usual number of
men is employed in that department
with work standing on the repair
tracks sufficient to keep them em-
ployed several months, should not
another piece be set out.

Officials of the car repairing de-
partment stated this afternoon that
besides the twelve men added to the
force today as many more will be
given employment tomorrow, making
the increase in that department equal
to the increase in the machine shops.
At least 50 men have been given em-
ployment since yesterday and an-
other increase is expected August 1.

Coal dealers are beginning to re-
ceive their supply of coal to be dis-
tributed to consumers at a reduced
price before cold weather begins and
his trade alone demands a large
number of cars.

A trip through the shops and yards
will convince the most skeptical that
hard times with railroad men are
past, which naturally benefits all
lines of business in Paducah.

Railroad Personnel.

Dick Brown, formerly engineer at
No. 1 fire station, has accepted a po-
sition in the engine room at the shops.
He is a good man and will make
good in a walk.

M. G. Sales, the car repairer, had
on exhibition at the shops before
work hours this morning a Belgian
hare, weighing 27 pounds, which is a
product of his famous farm. He sold
a large number of his rabbits recently
through the medium of a want ad. in
The Sun.

The thoughtless act of some boy
or irresponsible person in leaving a
long piece of tin hanging from the
top of a box car standing on the
switch just on this side of the bridge
across the Ohio river at Cairo, came
near causing a serious accident to
fireman Clarence Buzzell, of Padu-
cah, whose face was struck and badly
cut by the tin, while the fireman
was keeping a "lookout" for his en-
gineer yesterday morning. Fortunately
the fireman saw the obstruction in
time to attempt to "duck" his head
into the cab, which prevented the
wound from being made in the neck
instead of the face. After the acci-
dent the engine was reversed and the
fireman carried back to Cairo, where
the injury was dressed and he came
to Paducah last night for further
treatment at the hospital.

Big Pay Days Come Again.

Pittsburg, July 15.—The payroll in
the mills, furnaces, coke plants and
coal mines of the various companies
clearing through the Pittsburg banks
was the largest Saturday of any pay
day since last October.

The increase, while gradual and
steady, is phenomenal, yet every busi-
ness man is satisfied that it is drawing
nearer to the figures tallied last year
during the most prosperous months.
For instance, the payroll at the Na-
tional Tube Works, McKeesport,
amounted to almost \$250,000 for the
past two weeks. The payroll at the
Homestead Steel Works of the Car-
negie Steel company is within 10 per
cent. of what it was last summer.
That of the Edgar Thompson and Du-
quesne Steel company, however, has
almost as large a force at work as it
ever had, and the employees celebrated
yesterday with a picnic, after pay day,
which was the largest this year.

Coal and Coke Industries Likely.

The pay of the U. C. Frick Coke
company, and that of the independent
coking concerns, has increased 50
per cent. within the past three months
from what it was during the winter,
and it is predicted that by September
it will be increased fully 30 per cent.

American or English Champions Will Win Most Points in Olympian Games in Stadium at London Town

Britons Lead on Points Now,
But Have Won When Amer-
icans Were Not Partici-
pants.

London, July 15.—The race in the
Olympic games has narrowed down to
America or England as the probable
winner. Today started with the
score: England 20, America 14. The
American team is confident, however,
of success. England has made most
of her points in the events, where
there were no Americans competing.
Today's program is mostly swimming
and gymnastic events attracting little
interest.

Second Day's Events.

London, July 15.—America and
Great Britain captured most of the
laurels yesterday in the Olympic
sports. Twice the stars and stripes
fluttered to the top of the staff in the
center of the arena, and the Ameri-
can enthusiasts, who monopolized a
section of the stadium, waved their
flags and broke out in cheers. The
honors were nearly even when the
events were finished, the United
States and the United Kingdom each
having won two gold medals. Great
Britain, however, took three silver
medals, while America got only one.
Canada, Australia, Great Britain and
Belgium each obtained a bronze
medal.

M. W. Sheppard, of the Irish-
American A. C., did spectacular work
and aroused a degree of enthusiasm
by crossing the tape ahead of his
English rivals in a dashing flash of
the fifteen hundred metre run. This
the Englishmen had counted on for
Wilson or Hallows, no prophets con-
ceding America better than third
place. To add to the satisfaction of
the Americans, the judges announced
that George W. Galdzik, of Chicago,
had done the best work in fancy
diving.

The British pedestrians had their
own way in 3,500 metre walk; there
were no American competitors in this
event.

The first three heats of the three-
mile team race were interesting. The
United Kingdom took first place; the

Bryan is Busy With Speech.

Lincoln, Neb., July 15.—Bryan is devoting himself to preparing his
speech accepting the nomination. This will be a real keynote of the cam-
paign. Bryan will discuss all the leading issues. He will elaborate in his
letter of acceptance. It is expected that Bryan really will name the new
national chairman, which the sub-committee will select at Chicago next
week. Bryan is preparing to make a play to the labor vote in the cam-
paign. It is expected that Samuel Gompers will take the stump for the
Democratic ticket in Indiana, Illinois and Ohio.

Chicago, July 15.—Kern announced that Bryan will attend the meet-
ing here July 25, when a chairman will be selected. Bryan also will attend
the Kern notification at Indianapolis. Kern declared that law-abiding cor-
porations have nothing to fear from Democrats. No sharp legislation
against corporations is contemplated.

GASOLINE BOAT STRIKES YOUTH WHO IS SWIMMING

William Floyd, who lives on the
north side, called at police headquar-
ters this morning and asked the as-
sistance of the officers in locating the
owner of a gasoline boat, who ran
over his 12-year-old boy, Johnnie
Floyd, while he was swimming at
the incline several days ago. The
boy's body and legs were badly cut
and the father reported that his son
is in a serious condition and may die
from the injuries. An attempt will
be made to locate the guilty party.

ANOTHER ACCIDENT

Friedrichshaven, July 15.—Anoth-
er accident to the alrship prevented
Coast Zeppelin making his 24 hour
trip. The break, which caused the
abandonment of the flight last night
was repaired. The wind broke the
steering gear today, as the alrship
was trying to ascend.

means that fully \$60,000 per day is
being expended in wages for coal

eration at West Virginia, especially
at Fairmont, which are alive with
activity for the Jefferson-Clearfield
country fields, nor those of Cambria
and Indiana, or Westmoreland coun-
ties, which ship their produce to
tidewater.

CONTRACT LEGAL.
Chicago, July 15.—Federal
Judge Kobbaat decided that all
contracts between the railroads
and newspapers, whereby papers
pay for railroad mileage in ad-
vertising, are illegal. This opin-
ion was rendered in a test case
against the Monon railroad. The
court upholds the Hepburn act
and the interpretation of the law
by the interstate commerce com-
mission.

Indians at Fulton

The Paducah Indians left this morn-
ing for Fulton, where they will tackle
the strong nine of that place this af-
ternoon, the game being called at
3:30 p. m. The line-up for the game
is: Block, c; Runyan, p; Brown, 1b;
Brash, 2b; Blakemore, 3b; Robin-
son, ss; Arnold, rf; Newman, lf; Hur-
ton, of; Murray, will substitute Wil-
liams in center field on account of the
latter being unable to leave his busi-
ness today.

STATE CHAIRMAN WILL BE NAMED BY A SUB-COMMITTEE

Louisville, Ky., July 15. (Special.)
—The Republican state committee
met here today to select a campaign
chairman and committee. Chairman
Winn was authorized to appoint a
committee of three, including him-
self to name a campaign committee
and chairman and report in two
weeks.

SUNDAY SERVICE AT CHAUTAUQUA IS ATTRACTIVE

Vespers, Sacred Concert and
Lectures Make Up Program
of Two Sabbaths.

"Homeless Child and Juvenile
Court" is Interesting.

MANY EXPECTED TO ATTEND

Two of the most inviting programs
of the Chautauqua assembly, which
commences Friday afternoon, are
those for Sunday, July 19 and 26.
Realizing that more people will have
an opportunity for visiting the park
on these two days than at any other
time, especial care has been exercised
in arranging a program that is both
instructive and entertaining and, at
the same time, considered by the
management in keeping with the
Sabbath.

On the first Sunday afternoon a
sacred concert will be given at 3
o'clock by the DeArmond Concert
company. At 7 o'clock the Chautau-
qua vespers will be held by the Rev.
David Cady Wright, rector of Grace
Episcopal church. The vesper ser-
vice will be followed by a lecture,
"More Taft and Less Epitaph," by
Dr. H. W. Sears, one of the most
humorous lecturers in the country.
In speaking of Dr. Sears, a bearer of
his lecture said: "I believe there is
even religion in the wholesome
laughter and that there is rest and
helpfulness in his lectures." Dr.
Sears is a prominent minister of the
Cumberland Presbyterian church.

The program for July 26 opens
with an address at 2:30 o'clock,
"The Homeless Child and the Juve-
nile Court," by Father John Daly,
rector of the Holy Home, Milwaukee,
Wis. Father Daly is one of the most
eloquent priests in the Catholic
church and has made a life study of
the care and character development
of the homeless child. This address
will be followed by an attractive pro-
gram given by Miss Elma B. Smith,
humorous reader. Chautauqua ves-
pers will be held at 7:30 o'clock by
the Rev. William Bourquin, pastor of
the German Evangelical church, fol-
lowed by a sacred concert by the
Schubert trio.

A number of churches will omit
their Sunday evening services in
order to give all an opportunity for
attending the vespers and it is ex-
pected a large number of people will
go to the park each Sunday after-
noon and arrange to spend both the
afternoon and evening, having their
lunch at the park during the inter-
mission.

JORDAN HEAT VICTIM.

Equitable Official Drops Dead—Heat
Wave Broken By Storm.

New York, July 15.—Thomas B.
Jordan, formerly controller of the
Equitable Life Assurance society,
died suddenly yesterday afternoon as
he was about to enter a subway train.
Mr. Jordan had been complaining all
day of the excessive heat, and it is
supposed that death was superin-
duced by the high temperature. The
heat wave ended in a most specta-
cular storm, combination of thunder
and lightning, followed by almost
total darkness. In the first 44 min-
utes of the storm, during a downpour
of hail, the temperature dropped 20
degrees. Lightning struck the Hotel
Rembrand, disabling the electric
lighting system. Lightning struck and
set fire to the building of the Green
Point Metallic Paint company in Wil-
lamsburg.

SITUATION SERIOUS.

River Cutting Into Bank Opposite
Cairo at Rapid Rate.

Hickman, Ky., July 15.—The situa-
tion at Bird's Bluff, Mo., opposite
Cairo, where the Mississippi river is
rapidly cutting into the bank, is very
grave. In eight days the bank has
disappeared for a distance back from
the river of 500 feet and the erosion
stretches along the bank for a dis-
tance of 1,600 feet. A large elm tree,
three feet in diameter, went into the
river and disappeared entirely from
view. Government engineers taking
soundings there found a depth of 160
feet, with the current running like a
mill race.

Nashville Convention.
Nashville, Tenn., July 15.—At the
state Democratic convention Gov. M.
R. Patterson was nominated for gov-
ernor of Tennessee.

The ticket is:
Governor—M. R. Patterson.

FINAL REDUCTION

Choice of the House in
Men's Suits

\$14.85

This last reduction includes all our finest two and three-piece suits—suits that sold from \$30 to \$40—among them are a number of blues and blacks and dark figured worsteds medium weights that can be worn this fall.

This is certainly a great saving opportunity and one which you should profit by. We positively refuse to carry these goods over. No matter how great the loss, our established rule of closing out all stocks each season must be strictly adhered to.

No man can afford to let this offer pass without at least investigating. No house has ever made such liberal reductions before. No form of investment will bring you such big dividends as putting your money in one of these suits.

ANNOUNCEMENT.

County Court Clerk.
 The Sun is authorized to announce Hiram Smalley a candidate for reelection to the office of Clerk of the McCracken County Court subject to the action of the Democratic party.

Daily Thought.

If your religion does not lead you to think more of people it never will lead you to know much about God.

To be sure, McKinley had a front porch, but it requires more than that to qualify for the presidency.

That Miss Hoffman, who wore a string of pearls beads in her "Salome's dance," in New York, is no nature faker.

Mr. Bryan should send Mr. Taft a marked copy of "My Conception of the Presidency," so no matter who is elected his views will not be lost.

What is all this contention about? The people personally interested in the campaign funds don't care where they come from, and why should the rest of us concern ourselves?

THE MAN OF THE HOUR.

It may strike the uninitiated as a bit unreal, the statement in the Courier-Journal that the Fairbanks supporters in Kentucky hail with delight the ascendancy of F. M. Fisher. Yet it is the logical consequence of party conditions six months ago, and the friendly relationship between Mr. Fisher and Senator-elect W. O. Bradley was foretold long ago by those who study politics. Indeed, much of the opposition to Taft around Louisville was due to the unwillingness of the old line Republicans to accept the dictation of a new element in the party, which had assumed command in Taft's name. They saw a struggle coming for control of the state organization. The Taft men were honorable men enough and probably good politicians; but the old timers, of whom Senator Bradley was naturally the leader, resented any assumption of authority in party councils. The Taft men at Louisville won. They thought to take possession of the state organization. It was there that F. M. Fisher, who in the interest of Taft, had been working side by side with them, chose his own course. His late associates have no complaint to make. He had set the pace for them by carrying the First district convention for Taft. They had all won the state for their candidate. When he listened to the demands of unfaithful party workers and stood for the national committee, afterwards dictating the selection, he was exercising his own discretion and no offense was conveyed to the Ernest forces.

On the other hand, the old line Republicans, who had fought for Fairbanks, bore no ill-will toward Mr. Fisher for fighting for his man and winning, and they knew him to be a loyal, out and out party man, of their own kind. They naturally turned to him. He stands to administration-ward for them and as the one figure in the state friendly to both factions.

crucially debated during the campaign before the state convention. He is a hard fighter and had not Secretary of War Taft been so strong with the people Bradley would have cut a bigger figure in the state convention. As it is, he is on good terms with the national organization. The Louisville crowd who worked for Taft have the pleasure of seeing their candidate the standard bearer of the party—surely reward enough. The Fairbanks men see their friend the confidential adviser of Mr. Hitchcock on Kentucky affairs, and they know they are still in good standing with the party. Just now Mr. Fisher enjoys the enviable position of maintaining the equilibrium of the Republican party in Kentucky, and such harmony, as seemed impossible just after the legislature assembled, is manifest at the outset of the campaign.

BEAUTY AND PERMANENCY.
 If in public schemes of decoration and improvement the idea of permanency would be allowed its due share of consideration just as it is in private improvements, we could derive so much more pleasure and benefit from them. Great expositions—temporary affairs of lath and plaster, costing millions, are passing away. They cost too much and are worth too little. Pittsburgh's Carnegie Institute will advertise the city more, be of more practical benefit to her people and attract more strangers to the city ultimately than the Columbian exposition did to Chicago. The Institute is permanent and real, fit to house the treasures it contains, making Pittsburgh the home of rare art collections.

Every city passes the hat on occasions—has to. Citizens respond liberally in honor of visiting delegations. Why is it not possible for some artistic permanent improvements, out of reach of a hard pressed city, to be effected by popular subscriptions? The plan to raise money for a new entrance to Oak Grove is one of these ideas that should succeed. Temporary decorations on the streets are desirable, as a bit of flattery for convention guests, but such ornaments will not blind the visitors to ugly streets, absence of parks and unclean cemeteries.

Iron art post street lamps on business streets, in place of the suspended are lamps add much to the attractiveness of a city, and there are numerous ways in which Paducah might gain the name of city beautiful.

A NASTY TRICK.

It was a circuitous route the morning paper took to "get at" Capt. Wade Brown, when it mentioned the fact that the police budget is \$620 overdrawn for the first six months, declared that "a big part has gone to the city jail," and called it "a leakage." In the first place, it is not unusual for a city department to show an overdraft for some particular month—extraordinary expenses necessitating more than the month's pro rata of expenditure, which is made up by using less than the pro rata some succeeding month. The police department is allowed \$29,000 for the year. If it spent the whole amount in January and not a cent thereafter that would be all right; but the custom is to divide the total by twelve and hold down monthly expenditures to one-twelfth the whole, thus keeping safely within the appropriation. When a department exceeds its pro rata the mayor warns the officials, and this is especially necessary when a city is trying to hold expenses down below what reasonably good management really requires.

The police department has spent \$15,120.56. It has \$13,879.44 left. It was expected to spend \$14,560 on anticipated expenses.

When the first six months showed an overdraft of \$620 for the police department, Mayor Smith notified the heads of the department, as he does the heads of other departments, notably the department of public works. Last year and year before there was a deficit at the end of the year. Now, a "leakage" in a public department indicates carelessness on the part of some one and dishonesty on the part of others. If we were so confident that Chief Collins or Captain Brown were guilty of one or the other, that we proclaimed a "leakage" in their departments, we should feel it our duty to expose the "leakage."

Captain Brown has spent some money, not much, since he has been in office, fighting vermin and disease. He keeps the city jail in scrupulous condition and the city hall in unwonted cleanliness. He gets a full day's work out of every prisoner and he has the good will of everyone around the city hall.

It should not be difficult for the paper making the charges to ascertain where every dollar spent in the department has gone. In fact, if we know Mayor Smith at all, we believe that he would not have appointed Captain Brown if he had not been satisfied with his honesty, and we believe that Mayor Smith has gone over every item of expenditure. Every minor improvement made in the city jail was with the sanction of the mayor.

SLIGHTLY HUMOROUS.
 "Yes, she said her husband married her for her beauty. What do you think of that?"
 "Well, I think her husband must feel like a widower now."—Philadelphia Press.

THE VANISHING FLEETS

By ROY NORTON

ILLUSTRATED BY A. WER

(Continued from last issue.)

Bevin stopped and looked into the faces confronting him, which expressed a variety of emotions, running the gamut from stolidity to wonder, and from compliance to indignation. The paper in his hands gave out a crinkling noise as he turned it backward and forward between his fingers. The British admiral's visage was a frowning one. "Your country ask too much," he said, almost explosively. "And really it volunteers no explanation of its acts or intentions." Some of his companions nodded their heads in approval. "We can't accept."

Bevin reopened the parchment. "I must then read you the concluding clause," he said, and began: "It is strongly desired that there be no clash of arms; but in any event you are to return with the fleet." There was brief silence in the room, which was broken by Fields, who jumped to his feet. Bevin rose, and the other officers did likewise. The situation threatened unhappy conclusions; but Bevin held up a restraining hand and went on:

"Here! Before you underestimate the force of this last clause, let me give you a demonstration of what we can do and how difficult it would be for you to offer any defense or effective resistance whatever."

He turned to a speaking tube, gave a curl order and requested his visitors to look through the transparent panels, which were suddenly opened beneath their feet. The Roberts swept up into the air to such a prodigious height that the internal pressure against her shell became terrific. She was at such an altitude that no mortal being could have withstood the strain, and only her splendid anchorage construction and cohesive qualities kept her from flying apart. The world below was reduced in appearance until its surface was obliterated in a dull haze and the shadows of the sun were marked against its eastern outline.

In great circles she descended, until the water again became visible, then she swooped lower, and then at a speed of nearly 600 miles an hour whipped a drought line close above the tops of the fighting masts, slowed down, and whirled in and out, about and above the British ships as easily as would a swallow in playful flight. On the decks of the vessels men stared in wide-eyed amazement at this demon of the air, at first fearing that control had been lost and the lives of those aboard were in jeopardy. Then at the splendid exhibition of speed and handling they were dumbfounded. The swoops then rose in one quick lift until it was above the plane of altitude assumed by the other machines, poised for a moment, and came to a stop. In all this time no one had spoken a word. Now they turned to the American, unbending their convulsive hitches from the seats and liberated from the spell.

"Admiral, do you think there is any umbrage that can hurt us, anything that can overtake us, or that if we wish to we may not master the world?" he asked in a voice of extreme quiet.

Fields shrugged his shoulders hopelessly, made a grimace, and looked at his fellows. "Gentlemen," he said in a dry tone, "it seems to me that we should without any delay accept the hospitality which the United States has extended so courteously."

ICED WATER DANGEROUS

Unless it contains a teaspoonful of Duffy's Malt Whiskey in each glass.

The American people consume during the hot weather a very large quantity of iced drinks of various kinds and colors, and pay dearly for it with disordered stomachs that refuse to perform their work; bowel complaint, exhaustion, congestion, sunstroke and many other ills follow and from these causes the loss of life is great. Doctors say all danger can be prevented by the proper use of

Duffy's Pure Malt Whiskey

It has been recommended and used by ministers of the gospel and temperance advocates, and prescribed by doctors of every school as an effective preventive and cure of consumption, bronchitis, indigestion, stomach trouble, and all diseases of the throat and lungs.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle.

If in need of advice, write Consulting Physician, Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the World's greatest medicine.

Miss Griffith's Funeral.
 The funeral of Mrs. Isabelle Griffith, wife of Dr. H. B. Griffith, was held this morning at the Broadway Methodist church, the Rev. G. T. Sullivan officiating, assisted by the Rev. W. L. Young, W. B. Walters, Dr. H. B. Griffith, W. V. Owen, J. V. Ogilvie and L. H. Ogilvie.

YOU DON'T HAVE TO WAIT
 Every doctor makes you feel better. Let us prove you whole leaders right. Hold on to easy-back pain everywhere. Price 10 cents.

"You admit that you sometimes make mistakes," said the intimate friend. "You are wrong," answered the eminent statesman. "I sometimes make mistakes, but I don't admit it."—Washington Star.

"Indeed?" queried his friend, politely.

A Most Valuable Agent.
 The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antispasmodic. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, asthma and emphysema, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the system. It will cure every severe case of indigestion, chronic cough, bronchitis, asthma and emphysema. It is a most valuable agent in the treatment of all cases of chronic, or lingering coughs, bronchitis, asthma and emphysema, for all of which these agents are recommended by standard medical authorities.

Prof. H. V. Ellingwood, M. D., of New York College, Chicago, says of glycerine: "In dyspepsia there is an excellent purpose in holding a small quantity of the glycerine in solution. It is one of the best manufactured products of the present time. It is action upon the system, it is a most valuable agent, especially if there is ulceration or catarrhal condition of the stomach. It is a most valuable agent in the treatment of all cases of chronic, or lingering coughs, bronchitis, asthma and emphysema, for all of which these agents are recommended by standard medical authorities. There is no alcohol in it."

BROTHERS MEET TRAGIC DEATHS

Commit Suicide After Bloody Battle With Posse.

One Killed Peddler Without Provocation and Officers Had Come to Arrest Him.

BOTH ARE THOUGHT INSANE.

Benton Harbor, Mich., July 12.—Both August Gross, who without known cause, shot and fatally wounded an inoffensive meat peddler named James Kirk, and his younger brother, Fred Gross, lost their lives in a pitched battle with Sheriff Tennant and a posse who went to the Gross home to arrest August.

None of the officers were injured. The Gross brothers are both supposed to have been insane. After shooting Kirk, Gross barricaded himself in his farm house, twelve miles from here in Pipestone township, and through the night exchanged occasional shots with a crowd of farmers and deputies who were guarding the premises to prevent his escape.

Mother Almost Prostrated.
 His younger brother, Fred, joined the crazed man in defense of the house and the aged mother of the two men was also in the house throughout the night. The officers found her almost prostrated with terror when they broke into the house after the battle.

The posse drove to the Gross farm from Benton Harbor this morning. Shortly before their arrival the Gross brothers had rushed from the house and taken position with their guns near the front fence. After about fifteen shots had been fired at the officers who were replying with rifles and shotguns, August left cover and ran for the house.

Killed Himself.
 Fred was wounded through the leg and when he found he was unable to follow fired a bullet through his own head, dying instantly. Expecting August to open fire momentarily the posse closed in on the house, entered it, and found the crazed man dead on his own bed. A single shot from a shotgun had penetrated his head. Worry over his failure to get financial returns from a slight which he had invented for military rifles is said to have unbalanced his mind.

Traffic in French Girls is Stopped.

Chicago, July 13.—A wholesale traffic in white slaves, involving the importation of 3,000 French girls every year, has been broken up. It is believed, by the United States authorities under the personal direction of President Roosevelt.

As a result of the evidence collected by federal secret service men, assisted by French government detectives, at least 2,000 French women and girls will be arrested in Minneapolis, St. Louis, Kansas City, New Orleans and New York. All who have been in the United States less than three years will be deported to France, the steamship companies which brought them here being under bonds to take them back.

A Duval, who was arrested here with his wife, is charged with being at the head of the white slave trade from France. He is declared to have cleared fully \$200,000 by his dealings.

According to the evidence in the possession of the federal authorities, Chicago was the headquarters of the French slave syndicate. The syndicate imported about 3,000 French women annually. They were brought

Mississippi to enter the packet trade, Capt. George Brown, the owner, is expected from Pittsburgh today.

The Russell Lord got away for White River today after a tow of ten for the Ayer & Lord The company.

The J. B. Richardson was set off the marine ways yesterday afternoon after having repairing done to her hull and decks.

The Harvester is at the wharf at Caseyville tearing down a lot of piling that were put in during the construction of the new coal tipples for the West Kentucky Coal company.

Capt. Young Taylor, of the dry docks, entertained 22 of his men from the docks at his country home on the Hinkleville road. A big dinner was served and there was plenty of lemonade to drink. The feature of the day was a barn raising. Captain Taylor had his barn raised several feet while he had his company present. Everybody had a good time.

The steamer Clyde was blown from her landing at the wharfbank last night during the strong wind. Three "cavils" were torn off and about 20 feet of "noselings." The boat was blown across the Tennessee river to the foot of Owen's Island. She was tied up at the Island last night and got up steam this morning and returned to the wharfbank. The damage to the Clyde was very light and will not hinder her from leaving on time for the Tennessee tonight. All the lines were saved by men that were on the wharfbank.

Official Forecasts.
 The Ohio at Evansville will continue rising during the next 24 to 36 hours, then fall. At Mt. Vernon will rise slightly for two days. At Paducah and Cairo will continue falling for several days.

The Tennessee at Florence will continue falling during the next 36 hours. At Johnsonville will continue rising tonight, then fall.

The Mississippi from below St. Louis to Cairo will continue falling for an indefinite period.

The Wabash at Mt. Carmel will continue at about the present stage, directly to Chicago and then sold to

Campers Return.

Camp Bandana broke up today and the campers returned on the last trip of the Battle Owen this afternoon from the upper lake in Illinois. About a week has been spent most pleasantly at the lake with the exception of last night, when the wind and rain made it rather hard for the campers in keep dry. The boys of the camp were the only ones that received the worst of the deal. They had to work out in the wind and rain ditching tents. Those that were in the camp party were: Misses Nellie Hatfield, Marjorie Loving, Lillian Holson, Jane Stevenson and Elizabeth Sebre, and Messrs. James Langstaff, Charlie Kopf, Samuel Hughes and Roscoe Reed. Mrs. Anna Belle Sebre and Mrs. Jennie Holson were chaperones.

Will Give Dance.

A younger crowd of Paducah's society boys and girls will give a dance tonight at the Three Links building in honor of Miss Lillian Ferguson, of La Center; Miss Mary Ruby Norton, of Madisonville; Miss Mary Weaver Dyer, of Princeton; Miss Carrie Trueheart, of Louisville, and Miss Catherine Potter, of Philadelphia. The list is on at Walker's drug store.

Returned from Shiloh Park.

Major J. H. Ashcraft has returned from Shiloh park, where he accompanied a party from Madisonville and Chicago on a visit to the noted battlefield. The party was composed of E. L. Hendrick, Miss Ida Hendrick, Miss Ida Speed and Mr. E. Dickerson, of Madisonville. Mr. Thurlio Essington and Mr. A. L. Barton, of Chicago. They returned to Paducah on the steamer Clyde last night, the Madisonville party returning home by rail while the Chicago gentlemen went further south.

Taking River Trip.

A party composed of Mrs. Joseph Walker, Sr., Mrs. Joseph Walker, Jr., and Misses Bessie Smedley, Julia Jones, Lena Walker and Ruby Meyer, left this afternoon on the steamer Clyde for the round trip up the Tennessee.

Irvin Cobb's Latest Offer.

Things are breaking nicely for Irvin Cobb in New York. He has made himself famous with his contributions to the Evening World and the Sunday World, and commissions for work are coming to him from all quarters. His latest offer was from the Lee Keedrick Lyceum Bureau of New York and Richmond, for a month's lecture tour through the south and middle west in 1919 and 1920, to be billed as the New York World humorist. Mr. Cobb has accepted the offer, and no doubt will come to Paducah. Several times, recently, he has responded to requests at some of the big dinners in New York, and only a few weeks ago, at a dinner given by the Friars, to A. L. Erlanger, of Klaw & Erlanger, at the Hotel Astor, Mr. Cobb responded to a toast, "Paducah, where the Mark Klaw Come From," and made quite a hit with it. Mr. Cobb expects to visit his mother this summer, but his work has kept him too closely confined. He may get to Paducah before fall.

Coleman-Brooks.

Miss Frances Coleman, daughter of Mrs. J. R. Coleman, of 1635 Jefferson street, and Mr. John Brooks, son of Dr. and Mrs. J. G. Brooks, of 317 North Seventh street, were married this afternoon at 4 o'clock at the home of Mrs. Coleman. The Rev. M. E. Dodd, pastor of the First Baptist church, performed the ceremony. It was a simple home wedding, to which only the relatives and intimate friends were invited. Miss Coleman entered with her sister, Miss Ella Coleman and Mr. Brooks entered with Mr. David Koger. There were no other attendants. Miss Mamie O'Brien played the wedding march. Mr. Edward Scott sang "O Believe Me" before the ceremony. Miss Coleman wore a white embroidered princess gown.

There was no reception and the couple will leave at 6 o'clock tonight for Colorado and other western points on a wedding trip. Miss Coleman is one of the charming members of the society set and Mr. Brooks is prominent socially and is connected with the City National bank. Out-of-town guests at the wedding were: Mrs. W. H. McElroy, of Princeton; Mr. and Mrs. Joseph H. Green, of Gregory, Tex.; and Mr. John Green, of San Antonio, Tex.

CULLEY OUTDOES ALL OTHER CLEARANCE SALES.

Final Reductions On All Highest Grade Suits to \$14.85, Sale Starting Tomorrow.

Enterprising stores are about the best asset any city or community can have, as they mean more to the town and its citizens, probably than any other factors. One of the most enterprising stores in Paducah or the south is that of Roy L. Culley & company, and since its inception, but two years ago, it has done much for the people of Paducah.

Its regular sales are great merchandise opportunities but its clearance sales are innovations. Each season they have closed out all stocks regardless of cost prices, which has enabled them at all times to have absolutely clean, fresh stocks. Their Summer sales were started but a few weeks since, and have been wonderfully successful, and tomorrow they inaugurate their final clearance sales to prepare for new goods.

As a finale, they have reduced the prices of all the highest grade suits to \$14.85. At a casual or careful inspection you will readily recognize the difference between Culley's cut-price sales and the ordinary ones, they are clearance sales of brand new goods; not a sale of odds and ends of many seasons.

This big sale starts tomorrow, in time to give the railroad folks an opportunity to profit by it. It continues till all suits are sold. Just as big reductions obtain in all departments of the store, too.

NEW ENGLAND FOREST FIRES.

Heavy Damage in Maine—Woods in Other States Ablaze.

Boston, Mass., July 15.—The fires which have been burning for days in the Maine forests continued last night in many districts of that state, while similar fires in New Hampshire, Vermont, Rhode Island and Massachusetts increased by thousands of dollars the total of the damage.

Historic Plymouth, in this state, was endangered by a woods fire, which ran close to the outskirts of the town, sparks from the burning territory dropping thickly into main streets.

The entire fire-fighting force of the town was kept busy all day protecting residences and fighting flames.

LEE LEVY LEAVING

Mr. Lee Levy is leaving Paducah and with his going, the city will lose one of her most progressive merchants. Seldom does a man achieve first place in any line of business in such a short space of time. Only three years ago Mr. Levy came to Paducah and opened the only exclusive store for ladies' ready-to-wear garments which the city has ever had, and the ladies of this section of the state took to it with an eagerness which was truly surprising. Nowadays, one can secure a beautifully tailored garment of faultless fit and design such as our ladies formerly had to buy in the large cities, right here at home, and Mr. Levy, more than any other one man, is responsible for this delightful condition. One may wear a Levy garment any place in the whole stylishly-gowned United States without an apology, even to one's self. But this splendid establishment has changed hands and every garment in the immense stock is being sacrificed, in a sale which starts tomorrow and the details of which are announced elsewhere in this issue. Only two weeks' time in which to close out a stock which represents so much money, for possession must be given August 1st to Mr. Levy's successor. But it's safe to say that at the prices which will prevail during this sale, two weeks will be ample time and there will be unusually large numbers of handsomely gowned ladies in Paducah and vicinity for the remainder of the summer and fall. Read the ad; it's intensely interesting.

SENSATIONAL SALE

WELLS TOMORROW

Wells's announcement, elsewhere in this issue, that the sale which opens tomorrow would be a sensational one, certainly has a solid foundation in fact, for the offering is no less startling than a lot of about three hundred \$15, \$12.50 and \$10 suits for \$4.99.

Mr. Wells, in conversation with a Sun reporter, said that it was their intention to make a clean sweep of their entire stock and consequently considered this radical step a good business move. Mr. Wells said, "There are about three hundred suits in the lot and they were rattling good values at the former prices of \$15, \$12.50 and \$10, too. But we are doing cleaning house now and we prefer to take \$4.99 for each suit rather than have them carry them over. Our friends expect fresh styles from us and we do not purpose to disappoint them."

"These suits are all this season's styles—two and three piece suits, both single and double breasted—so you see there is some rare picking for the fortunate men who take advantage of the cut early enough to be accommodated. The sale opens tomorrow morning and we anticipate a big business."

"Yes, she can never remember in the morning where I left my pipe the night before."—Philadelphia Press.

HE IS SLATED FOR A REAL OFFICE

Frank Fisher May be First
Assistant P. M. G.

Should Taft Land Presidency—Back
to Give "Last Word" to Com-
mittee.

HE CALLED ON THE NOMINEE.

Yesterday's Courier-Journal says: Frank M. Fisher, postmaster at Paducah, member of the Republican state central committee-at-large and the chief spoke to Frank Hitchcock's steam roller, which did such effective work among the Kentucky delegates at the national Republican convention at Chicago, arrived in Louisville last night fresh and cool from Hot Springs, Va. It is said that tucked away in Mr. Fisher's memory is a promise that should Mr. Taft be elected president, Mr. Fisher would be first assistant postmaster general.

"I am just from Hot Springs, where I had a conference with William H. Taft, but I have nothing to say tonight. I will see you tomorrow."

The visit of Frank M. Fisher to Washington and Hot Springs and his return to Louisville just in time for the meeting of the Republican state central committee tomorrow is significant in the extreme, so some of the Republican leaders said last night. Several of the old Fairbanks workers were in fine fettle last night. They say that Fisher is the personal representative of Hitchcock in Kentucky and that it means that the old Fairbanks leaders in the late campaign will be recognized in the make-up of the state campaign committee, and that they will be taken into the councils of the party.

Pleased With Fisher's Prominence.
"You can say," said a well known Fairbanks adherent, "that we are very much pleased over the ascendancy of Frank M. Fisher and the utter elimination of Richard P. Ernst and W. Marshall Bullitt as controlling factors in the party in this state. While all their delegates were seated in the national convention, the defeat of Ernst for national committeeman was a direct rebuke to both Ernst and Bullitt. Frank Hitchcock today thinks more of United States Senator W. O. Bradley than he does of those who combined to administer what they termed not only a rebuke but a thrashing."

When the state central committee was first made up under the direction of W. Marshall Bullitt and Richard P. Ernst it was thought that Ernst would be the national committeeman and that Robert H. Winn, who was made chairman of the committee, would be the man to represent him on the state central committee, but things have changed; in fact, they changed at Chicago. It is now believed that Frank M. Fisher will be the controlling spirit of the committee, at least during the presidential campaign.

While it has been given out that the committee was called for the purpose of settling a few disputes as to county chairmen, the report now is that the chief business will be naming of a state campaign committee. The advent of Frank M. Fisher on the ground in advance of the meeting, it is claimed, is for the purpose of consulting as to the personnel of the committee. It could not be ascertained last night who would likely be placed at the head of the campaign committee, but there is an undercurrent to the effect that Mr. Fisher may be made chairman.

Slated for First Assistant.
The report goes further that should

HOUSEHOLD CARES

Take the Women of Paducah the Same
as Elsewhere.

Hard to attend to household duties
With a constantly aching back.
A woman should not have a bad
back.

And she wouldn't if the kidneys
were well.
Doan's Kidney Pills make well Kid-
neys.
Here is a Paducah woman who en-
dorses this claim:
Mrs. R. E. E. Whitner, of 820
South Sixth street, Paducah, Ky.,
says: "For years I was a sufferer
from kidney trouble. At times my
back was so lame that I was unable
to get around the house. I doctored
and received very little benefit until
I began using Doan's Kidney Pills,
procured at DuBois Son & Co.'s drug
store. I took the mass directed and
the results were very satisfactory. I
certainly believe that I would have
been confined to my bed by this time
were it not for Doan's Kidney Pills."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
N. Y., sole agents for the United
States.

Remember the name—Doan's—
and take no other.

Mr. Fisher be made campaign chair-
man he would resign as postmaster
at Paducah, and in the event of the
election of Taft he would be made
first assistant postmaster general. It
is generally understood that Mr.
Fisher will not be an applicant for
the postmastership at Paducah under
any circumstances. He is now too
close to the powers for any state ap-
pointment, should the Republican
ticket be elected. Mr. Fisher for some
time has had aspirations to be a na-
tional politician, and his friends say
that the ball was started rolling in
his direction at Chicago.

The tip that Mr. Fisher is slated
for first assistant postmaster general
comes straight, but not through him.
It comes from a man who is close to
Frank Hitchcock, both personally and
politically. It is a sure fact that Mr.
Fisher brings a personal message
from National Chairman Hitchcock to
the state central committee of Ken-
tucky in regard to the make-up of the
state campaign.

It Reached the Spot.

Mr. E. Humphrey, who owns a
large general store at Omega, O.,
and is president of the Adams County
Telephone Co., as well as of the
Home Telephone Co., of Pike County

"It saved my life once. At
least I think it did. It seemed to
reach the spot—the very seat of my
cough—when everything else failed."
Dr. King's New Discovery not only
reaches the cough spot; it heals the
sore spots and the weak spots in
throat, lungs and chest. Sold under

IRELAND'S CAUSE

GAINING GROUND RAPIDLY IN
ENGLAND, IS REPORT.

New Impulse Given By Meeting of
Irish Societies in
Chicago.

Chicago, July 15.—Ireland's cause,
now gaining in England, will receive
a new impulse in the United States as
a result of a meeting held here this
week by the Irish societies, with mem-
bership in every state of the Union,
to do honor to the memory of John F.
Finerty. In his youth the late presi-
dent of the United Irish League of
America was driven out of Ireland
and his zeal in the Irish nationalist
cause was unceasing through his
eventful life. The invitation to send
representatives to the memorial meet-
ing met with a response from the
Irish Fellowship club, Irish National-
ists, Gaelic Society, Gaelic League,
Ancient Order of Hibernians, Ladies'
Auxiliary of the A. O. H., Knights of
Equity, Irish Choral Society, Gaelic
Athletic Association, South Chicago
Irish Historical Society, Old Guard of
the Fenian Brotherhood and various
posts of the G. A. B.—for Colonel
Finerty fought well in the Civil war.
During his lifetime Col. Finerty held

more posts of honor in connection
with the movement for Irish liberty
than any other man in America. Glor-
ing tributes were paid to his efforts
and the prediction was made that
within five years the fight for politi-
cal freedom would be ended and Ire-
land would be enjoying home rule. In
support of this, attention was called
to recent statements by Honorable
Timothy Harrington, member of par-
liament from Dublin, and others to the
effect that the present lord lieutenant,
the Earl of Aberdeen, favored the
movement and that King Edward
himself was at heart a home ruler
and would welcome the change. James
Byrne, now British ambassador to
this country, was outspoken in his
sympathy at various times during his
political career and it is expected that
the liberal party, now in power, will
be forced shortly to fulfill its pledges
and give Ireland the rights she has
demanded for so many years.
